System Manual

Risk warning

Before you begin trading on Real account please carefully consider your investment goals, risk and experience you have. It should be noted that Forex is a leverage based market. It should be remembered that leverage can work both in your advantage and disadvantage as well. Therefore there is high risk of losing a part or all of your financial input placed on your account and because of that you should remember to trade with the amount of money which you can lose without taking any influential financial damage.

SonicWavePro DASHBOARD

We recommend to put it on the first opened chart only.

News reader is connected with the news data feed and can be resources demanding as it's collecting data feed in the real time.

SonicWavePro 1

It's characterized by the fastest signals as well as the largest potential profit with increased risk, if you are familiar with scalping and catching the quick market movements, you should choose this trading mode.

Scalping mode is recommended for advanced traders.

SonicWavePro 2

is the most universal mode, providing the most balanced signals.

It provides stable signals with limited risk.

This mode is recommended for beginners as well as experienced traders.

SonicWavePro 3

Provides the most secure signals, with less profit potential at the same time. Pick this mode if you want to spend the minimum amount of time in front of the computer.

This mode is recommended for every type of trader.

ENTRY EXAMPLE

Signals are very easy to read. Every signal provides exact entry/stop loss and take profit points.

SIGNAL EXAMPLE:

After you will receive an alert - please compare the signal type with the current range flow status.

If you see BUY signal (1) and \

'/(2} (a

You can
the current

in line with

If the signal (1) is against the major flow (2), like on this example we got SELL signal and BULLISH (77%) flow, It's better to aim for WAVE1 point only, as it's more risky trade (againsts the higher timeframes).

Below we can see perfect SELLsignal (1) that is in line with the BEARISH (6794) flow. This signal should easily reach WAVE2 profit point.
